

SATELLITE DISH / CABLE BOX Agreement

Property Address: _____

Tenant Name: _____

To whom it may concern,

The dish network or satellite may be installed at the above address but the following must be in compliance. The location of the satellite or dish will be installed and placed in a manner which will be pleasant and pleasing by sight. Owner has the right to refuse the location of the installed satellite or dish if it seems unfit or unsightly to the appearance of the building.

- Satellite must not be mounted to any part of the front of the house
 - Any work done by the said satellite, cable, or dish network company will not cause any harm to the integrity of the building or building materials. Including deterioration to the building whatsoever including leaks, materials to rip, tear, or detach from the premises.
 - Dish or Satellite is to be removed from the building upon the vacancy of said tenant
- Any cost associated with the installation or removal of the dish or satellite will be the sole responsibility of the tenant. Any cost associated with any building repairs caused by the installation or removal of any equipment or satellite dish will be responsibility of the tenant.

*Tenant acknowledges that they have read the above statements and hereby accept full responsibility for any damage and charges as stated above.

Furthermore the tenant agrees that they will be financially responsible for any equipment left in the unit or property damage.
